Fronted Developer

DEVELOPER

Elkin Guerrero

ABOUT ME

I am frontend developer with more than **three years programing** with React as a Freelancer

I have learned about the world of development by reading about Technology companies and since then I have fallen in love with programing because it looks like it can take you very far in life.

I am 24 years old and I love learning new things reading, playing piano ,the foreign languages such as Japanese etc.

SKILLS

- React, Hooks, Redux, Class components.
- Html, Css, Styled Components, Sass, Bootstrap
- Vanilla Javascript, Typescript, Git.
- Node.js, Express, SQL, MongoDB.

STUDIES
